

ELECTRABRITE™ SAGE

Electrabrite™ Sage is the brand name for our specialty high-bright paper. Its high brightness, broad basis weights, excellent printability and runnability make it a great choice for books, special advertising sections and inserts.

End Use Applications:

Our Sage line of products are the greenest of our great specialty papers, offering a verifiable environmental pedigree and chain of custody system. And, \$1 of every tonne of Sage paper sold goes to support the work of GreenBlue, a non-profit institute working with the private sector to redesign industrial systems.

Competitive Advantage

- » **Environmentally Preferred** – 100% certified fibre obtained from sustainably managed forests national accounts
- » **Third-Party Verification** – Backed with PEFC chain of custody and manufactured carbon-neutral using ISO standards
- » **Transparency** – Visibility of environmental footprint provided through Metafore's Environmental Paper Assessment Tool, a project of GreenBlue
- » **Relationships** – Constructive engagement with broad network of environmental groups and known for technical and service excellence
- » **Brightness and Basis Weights** – 44.4 to 62 gsm and 65 to 70 bright means more grades that print cleaner and brighter
- » **Performance** – Excellent printability and runnability saves time and money
- » **Unique** – Unique offering of 44.4 gsm 65 bright paper delivers excellent opacity at a lighter weight, with excellent printability and runnability
- » **Flexible and Responsive** – Exceptional service and delivery to both local customers and national accounts from a west coast location that allows for local expertise and easy access to our technical service
