You are buying into award winning quality, commitment to innovation, the best technical service and delivery there is, and a focus on sustainability that goes beyond mere environmental compliance. We are determined to lead the industry in everything we do. It's the advantage you should insist upon in a supplier. The Catalyst Advantage.

PRINCIPLES TO LIVE BY

We are guided by a clear Operating Philosophy that ensures we aim high and earn the regard of customers, investors, employees and communities. We continually strive to ensure strong safety performance and to build on our environmental track record. Large GHG reductions and extensive use of renewable energy and certified fibre are key elements of our stewardship strategy. Everyone at Catalyst shares in accountabilities to contribute to financial performance and sales. With the benefit of strong leadership and effective communication we are able to focus our vast collective expertise to the ultimate benefit of our customers.

With nearly a century of papermaking experience, frequent third-party recognition, a recently strengthened balance sheet and cost-competitive position, we have a strong foothold in the past and the long-term viability you need.

INNOVATIVE, HIGH-QUALITY PRODUCTS

We were one of the first producers of lighter basis weight papers, and continue to innovate and to diversify our product line. This is equally matched by our drive to deliver the highest-quality products and services on the market today. When you buy from Catalyst Paper, you will get the best, reel after reel, order after order.

PERFORMANCE THAT DELIVERS

Many companies call themselves proactive. Catalyst Paper has stringent measures in place to ensure that we are living up to that promise – with customer and third-party evaluations, and internal checks and balances. Our service is also more personalized, with a single point of contact and more face time with our personnel. On the delivery front, we deliver in-full and damage-free within your specified delivery window over 95% of the time.
